**WE BELIEVE IN A FAIR, COMPETITIVE PROCESS**

## **SDG&E STANDS READY TO FAIRLY AND OPENLY COMPETE FOR THE NEW GAS & ELECTRIC FRANCHISE AGREEMENTS WITH THE CITY OF SAN DIEGO**

**What's at Stake: Safe, Clean, Reliable Energy**

The law requires open  
and fair competition

The City should solidify  
its criteria and decision,  
and expeditiously select  
a responsible party  
to serve San Diego's  
energy needs

The process  
should not be  
delayed further

Transparency, fairness, and openness are core values of SDG&E, and we believe that SDG&E will always prevail in a situation where fair and open competition is required

**OUR GOAL IS TO PROVIDE CLEAN, SAFE  
AND RELIABLE ENERGY TO SAN DIEGO**

Support SDG&E's Effort to Continue to Power San Diego's Future
